Photography Policy

School Events.

- ❖ Best practice would dictate that photography is not permissible, but in reality parents do want to have record of their child's performance at Sports Day, nativity plays etc.
- ❖ Parents must exercise caution when taking photographs and should only take photos of their own children.
- ❖ General photographs of groups of children should not be taken.
- ❖ Special consideration must be given to publishing photographs of children on social media sites. Parents are free to do so as long as the photograph is of their own child and does not contain photographs of other children.
- ❖ Photography by persons other than parents or an officially appointed school photographer is **NOT** permitted.

No general photography is permitted.

Parish Events (Sacraments)

- ❖ Photographs during the service can only be taken (*with the permission of the celebrant*) by the officially appointed photographer.
- ❖ Parents may take photographs of their own child afterwards.

No general photography is permitted.
