

My Grandparents

Dear lady, thank you
for my grand parents. One
of my favourite memories
is when Corran takes me
to golf and watching him in the Hall
marches with me on the big glancing beach. We
me have sleepovers and lets me have lunch
time on my play station. & Emma & Feline
takes me to the shop and buys me wine gums.
I have a great Aunt Louis who is like a
granny to me and has taken me and picked
me up from school. I love getting dinner
at her house. I love going on holiday to a
villa in Spain and beating Corran in
Snooker.

Corran.

My Grandparents

Dear God,
Thank you for my
granny Joy, granda Billy
and granny Marion my

Favourite memories are, I used to help dig
out the potatoes and I used to sit on the mud.
at their house there was a swing attached to
a tree that was like 50ft high. I remember we
do an easter egg hunt every year granny
hides the eggs then we all go looking for them
my cousin usually found the most and we do
these challenges there's the balloon pop
challenge where we run to a chair and try
to pop a balloon by sitting on it.

Dear God,
thank you God, for my Grandparents
and all the treasured memories
when my Granda Kevin would

take me across the road to the farm to see
the duck pond and feed the duck and cows.
Also when Granny Jackie came round for
Christmas when I was 3 years old and she got
me a fireman Sam toy set and got Niall
a set of toy cars.

My Grandparents

Dear God,
Thank you for my amazing
Grandparents they are so special
to me. One of my good memories with

Grandpa Sean is when me and Grandpa went up on the bus to
Newtownards to get Grandpa's hair cut and then we went to Cafollas
to eat and after that we went to get a toy. On Mondays I
sometimes go round to Nanny Karen's for dinner and to do some
homework. Also at Granny Francie's house on Tuesday, Wednesday,
Thursday and Friday I get dinner there and I get to pick
whatever I want. When I was about 5 my Nanny Karen
sometimes made me a dinner I was not allowed
because I was getting it tomorrow but she didn't
tell my mum or dad. Finally when I was at Pickie
Pool in the summer with my Grandpa Paul and my
other Nanny Karen I got in one of the balls that
you roll around in, when I got into my one they
didn't zip my one up properly so I got soaked. On
Fridays we usually get a chip with Granny Francie.

I love My grandparents ♥ Anna.

wash the dishes and serve people. My grandad always
tells funny stories. That's why I love my grandparents. And

the ducks but I decided that after we had gave
the ducks some bread I Started to Chase the ducks

My Grandparents

Dear god, thank you for
my grandparents who love
and adore me. Some of
my most precious memories
are when my grandma brought me to Knockerboiler
beach and we collected rocks and painted
them. And my granny and me watch the birds
go past the window. My grandma lets me come
some of the time. On my 7th birthday I
named my bull terrier Marianne. Before my
sister was born my grandma used to take
me on a big sheet of paper and cut it
out. My granny brings me to the park and
all our cousins come and we played around
for a while and got vanilla ice cream and walked
back home. Every summer my grandma pulls out
a blue and red slip in side/water slide and
we all ways go down it nearly fast
and my grandma puts fairy liquid on it.
Amen

GrandParents.

Some of my favourite memories
are when my grandpa used to pick me
up from school and in the summer time
my granny would put cushions and blankets
on the grass so me, Jerome, Olivia, Aoife
and Eimhear could play. My friends used
to bring me outside to feed the
birds with granny's bread. My granny's
and grandpa's make the best dinners. When
I was younger I went to my granny
Eileen's during summer. I would go
outside and play with the dog and granny
would watch me from the top of the hill.
I go to my granny Eileen's to make
my granny and grandpa's breakfast.

Dear God,

Thank you for my granny

Cepta and the memories we shared

Like how when she knows I'm coming

I Love my Grandparent

She always goes down to the shop to get my favorite sweets
and I loved it when last summer she took me
and some of my cousins to Seapoint park and
brought some food and drinks for a picnic. Granny
made some sandwiches that I loved but she forgot to
tell me what was in them. Also I loved when she took
me to the beach to have a picnic and find some
sea shells to put around my room for decoration. Except
there was one tiny problem I always lost the shells before
I got home. Those are my favorite memories of my
granny.

him feed the dogs and horses and when Granny Marie
would show me my relatives graves, let me water
the flowers and take me along the shore in Portaferry
